

I have been involved in showing Pekingese for 14 years and have titled 10 dogs to date with my partner under the Moonwhispers Affix. We have won multiple groups at Championship level with a number of different dogs as well as Best In Show's at Speciality and Breed Championship Level. In 2016 we had once again the Top Pekingese in Ireland, finishing No.3 (All Breeds in Group 9) and made the final 16 in the qualifier to represent Ireland in the Eukanuba World Challenge that year. I have previously owned Chihuahuas as pets and first awarded CAC's in the breed in 2012. I have judged in Sweden, Finland, Germany, Ireland and the United Kingdom as well as future appointments including Norway in 2019. I am qualified to judge all Group 9 Breeds and Group 9 at both National and International level.

I have an ND & HND in Animal Management from College that included areas on Breeding/Genetics and Reproduction, which I am extremely interested in.

I look forward to judging the Belgian Chihuahua Club Show and am excited to see the quality of the Belgian Chihuahuas.

Yours sincerely

Gordon Gault
